

## **\*\*Oasis STEM Academy Application\*\***

Name: \_\_\_\_\_ Grade next year: \_\_\_\_\_

Parent/Guardian Name: \_\_\_\_\_ Phone Number: \_\_\_\_\_

Most recent FCAT Math Level: \_\_\_\_\_ Most recent FCAT Reading Level: \_\_\_\_\_

*Information about the program:* The Oasis STEM Academy is a highly academic middle school program. Students in the program will be challenged to problem solve and think critically in all of their classes. Students in the program will, in addition to their core classes, take classes in technology and engineering to further engage them in the problem solving model. The goal of the program is to simply make students become engaged in a problem solving process.

There will be a total of 44 students in each STEM Cohort for the 2012–2013 school year. Students will take their core classes with these students and be enrolled in Engineering and Technology with the same group. The students will take elective classes with students from outside the program.

Please attach the following to the application:

1. Write a short essay answering the following questions in detail: Why do you want to be part of the Oasis STEM Academy? What about the program interests you? What do you hope to do and learn in the Academy? What do you most like about math and science?
2. Please attach a copy of your most recent report card.

Finally, please have a current teacher complete the recommendation form which can be found on the Oasis Middle School website. Please have your teacher email their recommendation directly to Mr. John Omundsen at [john.omundsen@capecharterschools.org](mailto:john.omundsen@capecharterschools.org). Please do not turn in the recommendation with the application.

**All application materials should be turned in by Thursday, March 8.**
